# TUPYX

# Your gateway to Advanced mCommerce Solutions

Discover Tupyx, the innovative mCommerce app on Android and iOS platforms. Tupyx transforms how customers interact with businesses, enabling them to quickly order and pay from their smartphones. Ideal for fast-food and casual or fine-dining restaurants, specialty retail, convenience stores, sports venues, and service businesses, Tupyx brings the future of commerce to your fingertips. By using Tupyx app, companies can accelerate growth and simplify sales processes, all with no monthly fees and a low fixed rate per transaction.

## Boost Sales and Customer Engagement

### Customized to Meet Diverse Business Needs

**Retail**

**Food & Beverage**

**Education**

## Integrate Seamlessly with your systems

TUPYX's integration with the eaSSy system revolutionizes mCommerce by seamlessly connecting with leading accounting, ERP, and POS systems like QuickBooks, Sage, MS Dynamics, SAP Business One, eMobilePOS, and NETSUITE. This unified commerce platform streamlines operations across brick-and-mortar, self-checkout kiosks, mobile stores, and e-commerce platforms and significantly enhances the mCommerce experience.

- **In-Aisle Shopping**
- **Seamless POS Integration**

## About e-Nabler Corporation

Founded in 2000, e-Nabler Corporation stands at the forefront of mobile POS software innovation. Pioneering the sector with eMobilePOS, our acclaimed software was the first full-featured mobile POS application on iTunes and is now available on both the Apple Store and Google Play. Our cutting-edge eaSSy technology enhances existing POS systems by facilitating seamless integration with legacy POS software, ERP & accounting systems, e-commerce platforms, and payment platforms. At e-Nabler, our vision is to revolutionize POS functionality, achieving excellence one integration at a time. We are dedicated to empowering businesses with solutions that speak directly to their needs, driving their success in an ever-evolving digital landscape.
